

Spartan Recycling Program

How it works

The Recycling Package will be shipped with your orders. It includes 2 clear recycling bags and the overpack box that your tests were shipped in. To participate in the Spartan Recycling Program, follow the simple steps below:

1. Remove all syringes from used Spartan Legionella Concentration Systems.
2. Place up to 10 used systems and syringes into one of the large plastic bags provided.
3. Tie the bag, removing as much air as possible.
4. Place the tied bag into the second provided clear plastic bag and tie it off, removing as much air as possible.
5. Place the bagged systems into the overpack box (you can leave the foam inside the box).
6. Tape the box closed.
7. Purchase and print off a shipping label (from the courier of your choice) addressed to:

Spartan Bioscience
340 Legget Dr.
Suite 180
Kanata, ON, Canada
K2K 1Y6

Shipping Notes:

- Select "Shipping Type" as *Return*
- For shipments coming from outside of Canada, use HS code: 3926.90.0000

If you choose **NOT** to participate, feel free to use the provided recycling bags for your own facility's use.

If you have any questions, please contact Spartan Support at +1 613 228 7756 or support@spartanbio.com
